EXPERIENCE

TRAYA HEALTH | SOFTWARE DEVELOPMENT ENGINEER INTERN

June,2024 - August,2024 | Bangalore

- Enhanced Traya's Consumer Website using **React Query and TypeScript** for better user interaction flow and faster load times.
- Revamped the **product drawer** to make the user experience more intuitive.
- Redesigned the How-to-Use Products page, now **live in production**, which received positive feedback from users.
- **Migrated project assets to a CDN,** noticeably speeding up page load times.
- Worked with a cross-functional team to **develop a comprehensive dashboard**.
- Proactively expanded my skill set through personal projects and online courses in new technologies and frameworks.

PROJECTS

SAAS AUTOMATION BUILDER | B2C SaaS Application

Code | Present

- Connected users' **Google Drive, Slack, Discord, and Notion accounts** to automate notifications, messages, and database entries.
- Integrated **Stripe** for subscription payments and credit-based billing.
- Developed a **drag-and-drop node** builder for creating automation workflows.
- Implemented a sequence of actions triggered by events, utilizing features like **mini maps, infinite canvas**, and an **expandable sidebar.**
- Built a fully responsive landing page with **light and dark** mode themes.
- **Utilized tech stack**: Clerk Authentication, Neon Tech, Uploadcare, Ngrok, Next.js 14, Stripe.

PERSONAL PORTFOLIO | Code

- **Tech Stack**: ReactJS, EmailJS
- **Dynamic Portfolio Website**: Developed and deployed a personal portfolio website to showcase projects, Experience, and skills using ReactJS for a responsive user interface.
- **Seamless Communication**: Implemented a contact form with email interaction functionality through the EmailJS library, enabling communication without server-side code.

POSITION OF RESPONSIBILITY

1. **TPO Head (2024-2025)**: As a **TPO Coordinator**, I facilitate placement activities, manage mentorship programs, and enhance career prospects for students.

2. **Technical Sub-head (2023-2024)**: Hosted several Technical events and lead the website development project of college fest.
